

SGSMA2021 Opening Remarks

**ExCo Chair:
Mladen Kezunovic
Texas A&M University
USA**

**The IEEE International Conference on Smart Grid
Synchronized Measurements and Analytics – SGSMA2021**
May 25-27,2021

The IEEE International Conference on Smart Grid Synchronized Measurements and Analytics
SGSMA2021, May 25-27, 2021 (online event)

Scope and Objectives

Scope:

- Synchronized measurements and associated data analytics
- Measurement algorithms, time-synchronization methods
- Applications across all the domains: Generation, T&D, renewables, DERs, microgrids, etc.

Objectives:

- Flagship IEEE International conference on SGSMA
- Unique gathering of industry, academia and government organizations
- Global driver in knowledge exchange and dissemination

The IEEE International Conference on Smart Grid Synchronized Measurements and Analytics
SGSMA2021, May 25-27, 2021 (online event)

Background

- The first SGSMA was held in College Station, Texas, USA in 2019
- Due to the COVID pandemic, it was decided that SGSMA2021 will be held online, and face-to-face SGSMA will be organized in 2022
- SGSMA2021 program features:
 - **Three Keynotes** (Norway, USA and China)
 - **Nine Panels** (Brazil, Chile, China, Denmark, Ecuador, Europe, India, Norway, Peru, Russia, South Africa, Sweden, Switzerland, UK, USA)
 - **Eight Webinars** (China, Germany, Italy, Romania, UK, USA)
 - **Three tutorials** (Italy, Switzerland, USA)

The IEEE International Conference on Smart Grid Synchronized Measurements and Analytics
SGSMA2021, May 25-27, 2021 (online event)

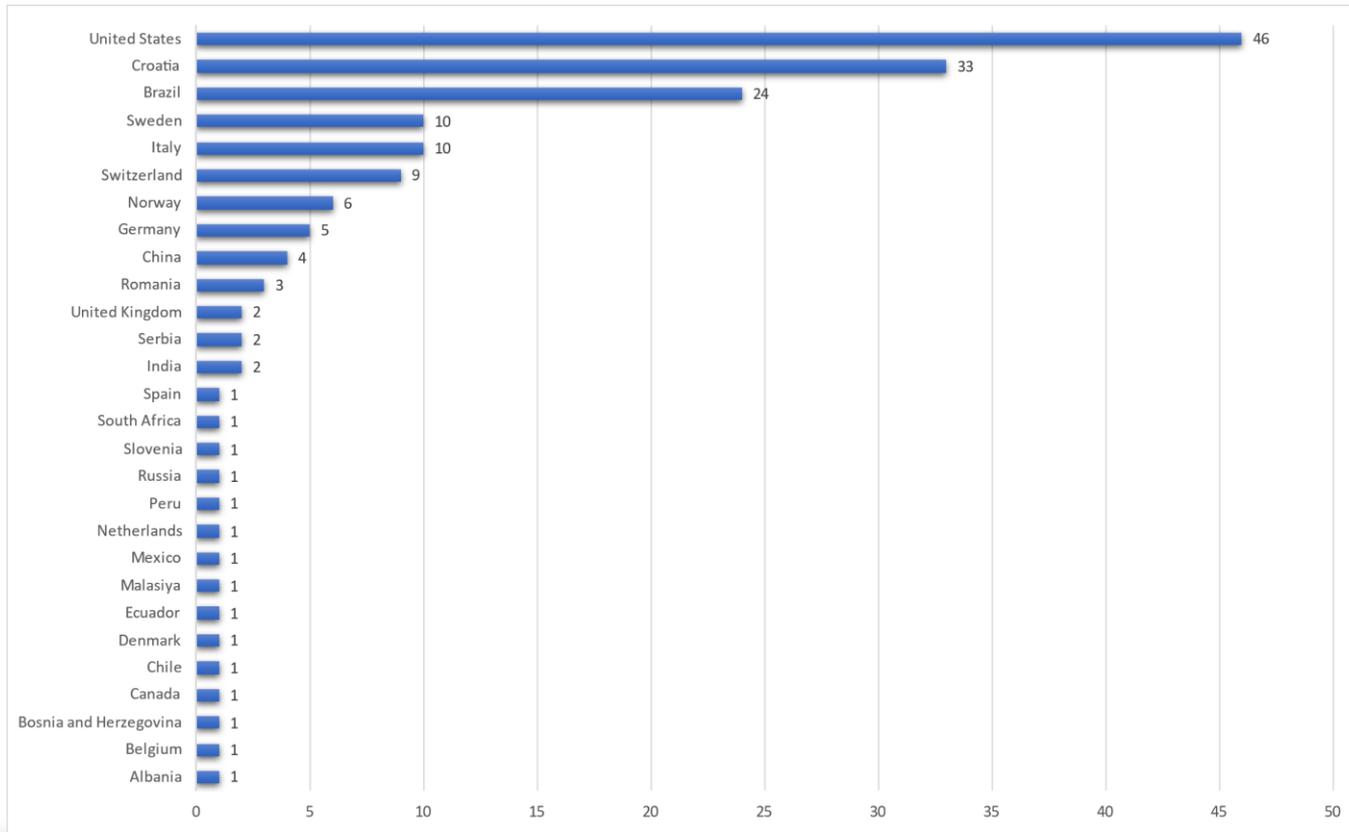

Organizational Support and Participation

- **Executive Committee:** M. Kezunovic, H. Mohsenian-Rad (USA), **N. Holjevac, I. Ivankovic, I. Kuzle (Croatia)**, C. Muscas (Italy), L. Nordström (Sweden), M. Paolone (Switzerland),
- **Local Organizing Committee:** T. Baškarad, J. Đaković, M. Krpan, M. Zidar, S. Vlahović (Croatia)
- **Regional Organizing Committee:** I. Papič (Slovenia), P. Stefanov, B. Grujičić (Serbia), G. Giannuzzi (Italy), R. Ulinski (Bulgaria), H. Ferizović (Bosnia and Herzegovina), I. Asanović, S. Mujević (Monte Negro), P. Jaborník, J. Blaho (Slovakia), O. Zavalani (Albania), V. Borozan (North Macedonia)
- **Steering Committee:** M. Paolone (Switzerland), 20 members from 11 countries
- Technical Program Committee: L. Nordström (Sweden), 32 members from 15 countries
- Well over **120 volunteers/presenters** from over **28 countries**

The IEEE International Conference on Smart Grid Synchronized Measurements and Analytics
SGSMA2021, May 25-27, 2021 (online event)

- **Total number of countries: 28**

Sponsorship

Platinum

HITACHI

ABB

Gold

SEL

SIEMENS

KONČAR 100 1921 2021

VR
ENERGY

Silver

Zaphiro

PRO INTEGRIS

Technical/organizational sponsorship

The IEEE International Conference on Smart Grid Synchronized Measurements and Analytics
SGSMA2021, May 25-27, 2021 (online event)

SGSMA2022: <https://www.sgsma2022.org/>

- Dates: May 24-26, 2022
- Venue: Split, Croatia (population 800,000)
- Airport connections: Many major cities in Europe
- Average Temp in May: 22.5°C (Max), 15.2°C (Min)
- Average number of tourist in 2019: close to 1M
- Historical sites: 220 roman-era buildings
- Technical tour: Vintage hydro power plants
- Post event tours: Adriatic Coast
